Canvas

In addition to fine art papers, Epson offers various fine art canvases to expand your creative options. These cotton and cotton-blend canvases feature a texture similar to that of oil paintings, and offer the highest image quality and archival display life. Plus, they're double-woven so they won't sag when stretched on a frame.

Paper

Epson Enhanced Matte Paper

For photographers seeking a flat matte surface, Epson Enhanced Matte is the ideal choice. This bright white paper is perfect for images that do not require gloss. It yields highly saturated images, while maintaining excellent highlight and shadow detail.

Epson Premium Lustre Paper

This instant-drying paper produces vivid, lifelike images that rival those of traditional silver halide prints. Premium Luster Photo Paper delivers highly saturated prints by offering maximum ink coverage and a high D-Max for true photographic reproductions. Its 10-mil RC base gives prints a photographic feel, and keeps the paper cockle-free.

Hahnemuhle Photo Rag 308

Photo Rag is a white, 100% cotton paper with a smooth surface texture and guarantees archival standards. With its premium matt inkjet coating Photo Rag meets the highest industry standards regarding density, colour gamut, colour graduation and image sharpness while preserving the special touch and feel of genuine art paper.
